Council coverage

Reeve doesn't remember half truths in The Echo

As far as Dysart Reeve Murray Fearrey knows there have not been allegations, half truths and innuendoes contained in Haliburton County Echo stories about council's request for a detachment in the village.

Reeve Fearrey was answering a letter sent to The Echo from Dean Elliott, Justice of the Peace for the Province in Minden.

In the letter Mr. Elliott said that he could go on in length disputing many of the allegations, innuendoes and half-truths contained in the 1-10 articles and editorials.

In the letter Mr. Elliott suggested that Dysart Council should be approaching J. M. MacBeth, Solicitor General for Ontario instead of Roy McMurtry, Attorney General for the Province.

Reeve Fearrey at the Dysart meet the candidates night last week stated that when he goes to see the Attorney General he will ask about the concerns of the office of the Justice of the Peace.

"This type of garbage will make the council take a firmer stand," he noted. Reeve Fearrey said that

the municipality seems to have to overcome the appointed civil servants to go right to the top on the issue.

Council has requested a meeting with the Attorney General to see about getting

an Ontario Provincial Police detachment in the village of Haliburton.

On police stories

No documentation

Dean Elliott, Justice of the Peace for the Province of Ontario who last week submitted a letter to the editor of The Echo charging that there were allegations, innuendoes and half-truths in articles and editorials in The Echo concerning the request of Dysart Council for a Haliburton detachment of the OPP, has explained that he feels many of the statements reported in The Echo, while not necessarily untrue, were not supported by documentation.

Mr. Elliott stressed that while he was not saying that

some of the incidents and statements reported did not occur, they have been given without documentation and so are unsupported allegations.

Specifically, Mr. Elliott mentioned the October 18 issue of The Echo, he says, prompted him to write the letter. In that issue Dysart

Reeve Murray Fearrey is quoted as saying that he had no argument with the quality of police protection that the Minden detachment provides and as saying that to his knowledge no explanation was ever given to Dysart Council for the removal of the detachment at Haliburton.

Mr. Elliott said that whether or not Mr. Fearrey made those statements, Mr. Fearrey was on the council at the time the detachment was moved. Mr. Elliott, who worked for the OPP in Minden for six and a half years, says that he remembers visits of the then superintendent Lorne McGilvery at that time. Mr. McGilvery attended Dysart Council at least once, Mr. Elliott said, and although Mr. Elliott was not there himself, he assumed that some reasons for the move would have been given to council. He noted that he "can't see any council letting it go out of the area without being satisfied or at least understanding 'why the move was proposed'."

With reference to the report that it was taking police several hours to arrive at incidents in Haliburton, Mr. Elliott objected that there had again been no documentation of those facts in the news.

He feels that the obvious point made in The Echo that Haliburton in the centre of the county does not necessarily mean that the centre of all services would be there. He noted that if this idea were carried through, Queen's Park would have to be in Sudbury.

Mr. Elliott said that his point in writing was not to cause bad feelings but were true it should be backed up. If something was being said just for the sake of saying it, he feels, it is not good journalism.

Mr. Elliott objected that if articles were going to condemn people as he feels they have both the detachment and the men of the OPP in Minden, and there must be some form of evidence. He feels that the police have been put on trial without that evidence.

Jennifer Woods slices bread made at the bread baking demonstration that she gave on Saturday. The demonstration was sponsored by the Haliburton Guild of Fine Arts in conjunction with their Christmas exhibition and sale held Thursday to Sunday of this week. There were about 15 who came to Jennifer's demonstration, and who had a chance to see her in action. Jennifer is an excellent cook whose recipes cover the basics and the exceptional dishes.

Elstone awarded arena contract

George Elstone Construction of Haliburton has been awarded the contract to

make repairs to the Dysart Arena.

A low tender of \$38,576 got the contract for the local firm. The high tender for the contract was \$55,000. There were six tenders in all.

Construction on the needed repairs to the arena are to start the first week of December.

Municipal officials see no problem in keeping the arena open during the construction period.

The cost of the construction will be financed 75 per cent through the Ministry of Culture and Recreation and Wintario.

Fred Palmer

dies in Toronto

Frederick Palmer of West Gullford, Haliburton suffered a heart seizure at the Wintario offices at Bloor St. W.

He was dead on arrival at Wellesley Hospital.

Concerned about new assessment

Market value assessment is causing some concern with the taxpayers in Dysart et al and this feeling was

conveyed to candidates for the municipal council at the meet the candidates' night held last week.

A question period after the meeting revolved around what the provinces revised tax structure will do to the tax bills in the municipality.

Reeve Murray Fearrey said that golf courses will almost suffer bankruptcy and resort taxes could triple under the arrangement. He pointed out that many of the large land-holders will likely have to give up some of their property.

The person who asked the question said that the services for residents of Dysart et al are much less than large municipalities and wanted to know if this was being shown to Queen's Park.

Reeve Fearrey pointed out that the council has told Queen's Park about the servicing in the municipality and that a request has been brought before the provincial government to hold off the assessment change for one year.

Phase two sewage not in 1977

Phase two of the sewage system for Haliburton village will not likely be completed in 1977.

Reeve Murray Fearrey told about 50 people at the meet the candidates night last week that the province has seen fit to move Haliburton further down the list when it comes to needs.

He pointed out that Haliburton is rated six.

Councillor Harold Bannon, candidate for deputy reeve, told The Echo later that Haliburton was in the top spot at one time.

Candidates want industrial park

The two candidates for deputy reeve in Dysart et al are both attempting to get an industrial park for the municipality.

Both Lloyd Coneybeare and Harold Bannon told those gathered at the meet the candidates' night last week that there is a possibility of developing an area of land near Donald.

Mr. Bannon said, "We must work harder to attract light clean industry, anyone in business knows that four to six months is not enough business to survive on." He added that if he is elected he will propose that council set up a committee to explore the possibility of an industrial park on the Donald site.

Mr. Coneybeare stated that the 10 acres near Donald is an "exceptional piece of industrial property."

Deputy reeve candidates relying on past success and personal experience

Both candidates for the position of Deputy Reeve of Dysart et al council, incumbent Lloyd Coneybeare and incumbent councillor Harold Bannon are relying on the successes of the council in the past to give them the needed experience in the future.

Mr. Coneybeare told

about 50 people at the meet the candidates' night held at the arena last week, that the Dysart Council has been progressive and working in harmony.

"We have never taken a backward step on critical matters," he stated.

Mr. Coneybeare, who has served on the council for 14

years, two as deputy reeve, said that the council has got somewhere on road maintenance because enough money has been allocated to do a road needs study.

He also pointed to the municipal building as a project which has been successful and is now near completion.

Mr. Coneybeare said that the council is hoping to get the second phase of the sewer project done.

He noted that the council has been successful in getting a commitment from the Ministry of Transportation and Communications to improve the highway approaches to Haliburton Village.

Mr. Coneybeare said that there are a number of items that he is not always happy about but he feels with a good council they will be solved.

Mr. Bannon told those at the meeting that he is also pleased to see a number of projects he thinks are important completed in Haliburton Village and all of Dysart.

He pointed to the completion of Drag River Bridge and the street light replacement program as projects that have helped the municipality.

He added that there have been many more improvements around town in a period of government spending restraint. Mr. Bannon indicated that the curb and gutters and resurfacing of the approaches to Haliburton Village is an important project that will be completed.

Mr. Bannon said that the council must continue to fight to ensure that the municipality gets the "police protection it rightfully deserves."

"We must work to see the Natural Resources Office remain open and employ some people here in this Municipality."

"We must continue our battle with the Ministry of Environment for Phase 2 of the Sanitary Sewer's to make our Sewage Plant operate efficiently and keep our head waters clean."

"We must search for the funds to hire a Recreation Director, so that the youth in our community have equal opportunities across our Municipality," he said.

The Haliburton Guild of Fine Arts began its Christmas sale and exhibition on Thursday, November 25, with a roomful of weaving, pottery, jewellery, crafts, macrame and batik. It was a fine place to begin Christmas shopping, with the wide selection of articles that are excellently crafted and on sale at reasonable prices. The crafts were the products of local artisans who well deserve the opportunity to display their skill. It was enjoyable for those who attended.

3 seeking vacant seat on council

The only vacant council seat in Dysart et al is in Ward 3 where three newcomers to the municipal government scene are trying for the seat.

The seat is left vacant by the retirement of Lawrence Morrison.

Jack Denholm told the 50 people at the meet the candidates' night last week that he has been living full time in the community for the past four years and wants to be part of the community by doing something for it.

He said that he is interested in working towards added employment opportunities in the area. He noted that there should be progressive development which is complimentary to the ecology and the preservation of the ecology.

Maxine Magee, said that she did not want to make any promises to the voters but some improvements could be made.

She said that she was most interested in the problems of Ward 3.

Mrs. Magee pointed out that what helps one person might hinder another and the council has to work for the benefit of the entire community.

She said that she was in favor of better planned development in the inland and water areas of the municipality. "Development should not be for the sake of development," she said.

Carl Simms said that he is interested in the problems of both the cottagers and the permanent residents of the area.

Echo Inside

Honor library members

A dinner last Wednesday, November 24 was held in Minden to honor six hard working people who have served the Haliburton County Library System for ten years or more. A farewell was also said to county librarian Heather Gardiner. For more, see page 2.

Martin's logging strike

Page three has details of the strike that has begun at the Martin Logging Company in Harcourt. The strike is illegal, according to president Grenville Martin.

Huskies finally win

The Haliburton Travelways' Huskies won on Friday night. See page 6 for the story.

Midgets fly high

The Haliburton Beaconbrook O.M.H.A. Midgets were flying last week as they took first Omemece and then Bobcaygeon for a ride each in games that ended with scores of 14-0 and 10-0 for Haliburton. Sunday, they came down out of the clouds as they suffered a 3-2 loss to Beaverton. For stories on all three games, see the sports pages.

Change Fair dates

The dates of the Haliburton County Fair held in Minden have been changed for next year. It is hoped there will be lots of improvements. The story is on page 8.

Library members honored with dinner

Members of the Haliburton Library system were honored on November 25 for 10 years of service given to the County and Library Board.

A warm and comfortable

**Fined \$1
on charge**

David W. Salisbury of Orrillia appeared in court Nov. 23 in Minden to answer a charge of hunting with an automatic shotgun.

Salisbury pleaded guilty to the charge and court information stated that a conservation officer had checked the shotgun and found the gun was capable of holding more than the legal number of three shells. The conservation officer had checked the gun in Digby township, Victoria County.

Salisbury explained to the judge that there is a plug for the gun that limits the number of shells to three and that he did not intend the plug to be out of place. The judge accepted the explanation and called for a fine of \$1 and \$3 costs.

**O' Barn
Tavern
457-1471**

dinner was held on Thursday at the Fireside in Minden to honor members of the Haliburton County Library system who have helped to improve the libraries.

Many of those who received recognition for 10 years of service have actually served even longer.

Ada Lewis, who has been interested in library work for almost 50 years, and who was a librarian in Minden in the 1920's, started in 1965 as an assistant to Jean Sears at the library in Minden. Mrs. Lewis still walks from Hyland Crest two or three days a week to work at the library.

Jean Sears has helped with the Minden Library for over 20 years. She was

chairman of the Minden Library Board before the County Library system began in 1965 and has been active on the County Board since.

Roy Brohm was also honored at the dinner, as well as working in the community on municipal government for many years. Mr. Brohm was instrumental in establishing the County Library Board, and served as chairman for a number of years.

Marg Pickens, who began her work at the Gooderham library in very cramped quarters, is now operating that branch from new facilities, continuing her many years of volunteer service.

The present secretary ma-

nager of the County Library, Mary Packard, has been working with the Haliburton Library since she helped Noel McNeil there before 1966. Mrs. Packard has helped with the County system since 1966, and so has just completed a full 10 years of service under the County system.

Bessie Croft, the librarian at the Wilberforce branch, has worked in three different buildings over the years. She now works out of a beautiful new building, and has established the library as a very active centre in the community, sponsoring craft shows, movies and community gatherings.

Assisting at the Monmouth Library is Winnie Schofield, who began with the library when it was still located in Tory Hill under Mrs. Garth Anderson. Moved in 1966 to Wilberforce, Winnie Schofield has done a great deal for the promotion of the library through floats and parade work, and through her interest in the history of the area which she was able to exhibit in the 1974, the centennial year of the county.

Members of the County Library Board who were at the dinner also presented Heather Gardiner, past county librarian, with a going away gift for her greatly appreciated work with the

library. Marilyn Stouffer of the Library Board made the presentation. Mary Packard has noted that Mrs. Gardiner has done a great deal for the promotion of the Haliburton system outside of the county, that she literally put Haliburton on the map by her work with provincial committees. She first served on the Board four years ago, and has been County librarian for three and half years. Mrs. Gardiner's resignation tendered last spring, was accepted by the Board in October. Mrs. Gardiner is leaving the position since she has moved out of the area.

The dinner guests were greeted by Reg Booth, chairman of the Board, and greetings from the County were given by Warden Gerry Howarth. Mr. Howarth congratulated all of the honored guests for having reached a milestone of 10 years in service.

Man pleads guilty to narcotics charge

John Ashley of Mississauga, before the court in Minden on November 23, pleaded guilty to possession of narcotics.

Ashley was charged on Nov. 6 when searched by a police officer in the parking lot of the Rockcliffe Hotel. The officer had smelled what he thought was marijuana. There was no analysis sheet before the court on Tuesday,

but Ashley admitted that the substance found was the narcotic referred to.

Since it was a first offence, Ashley was given a conditional discharge, meaning that no criminal record will be kept if Ashley abides by the conditions of a two year probation. He is to keep the peace and not to have any drugs or restricted substances in his possession.

Scarborough man fined in Minden court

William C. Fry of Scarborough, found guilty of careless driving was fined \$200 in the Provincial court in Minden on Nov. 23.

Fry had been travelling north of highway 519 on September 26 when he fell asleep and lost control of his vehicle. He skidded sideways and ended up upside down in the southbound lane. There was \$2,000 damage done. The OPP arrived about one half hour later and met Fry who said he had been drinking after the accident at a friend's

residence.

A case with similar details and consequences involved Tyrone R. Dewey of Gooderham. Dewey was charged with careless driving, failure to supply information and failure to notify the Ministry of Transportation of a change of address.

On Sept. 4 on County Road 3 in Glamorgan he was southbound on a straight stretch of road. His vehicle went out of control and ended up in the left ditch upside down, with \$2,000 damage. The accident occurred at 6:00 p.m. and the police were contacted at 7:40.

When the OPP arrived on the scene, Dewey was not there and could not be found. The OPP testified in court that Dewey was arrested on old warrants on September 6 and the needed information was obtained. The address on his licence was two years old according to the evidence.

Dewey had been convicted on similar charges. Judge Inrig called for a fine of \$200 and costs on the careless driving charge, \$50 and costs for failure to provide information and \$75 and costs for the second offence of failure to change address. Total fines came to \$331.

Season's
Greetings

Waiting in the Wings at High School

On the Thames River in the city of London there stands a very unique charity home known as "The Wings". But for our purpose the location of "The Wings" has been moved to H.J.H.S. in hopes that you will visit its occupants in our stage production of Noel Coward's "Waiting in the Wings."

With the help of a seemingly useless committee and a few staff members, "The Wings" shelters a number of retired actresses who are still waiting for their final exits.

This production which portrays a year in the lives of these ladies involves a hot tempered Irish woman who always speaks her mind, an age-old feud, a newspaper article which infuriates the ladies but which solves a problem, a gentleman caller with his violets and his love for one of the women, and the harmless old lady who almost destroys "The Wings."

It promises to be a play filled with the laughter and tears of everyday living and the feelings of those who are waiting - "Waiting in the Wings."

Man found guilty in absentia

John Packard of Haliburton was tried and found guilty in absentia on Nov. 23 in the Provincial court in Minden. A plea of not guilty was entered on his behalf by the court for charges of careless driving, failure to report an

accident and operating an unsafe vehicle. The OPP had been called to an accident on October 14 on highway 519 near Haliburton. The vehicle was found in the east ditch and there were tire marks for about 300 feet on the pavement. The car had crossed the road, a private drive, passed through a field a fence and hit a telephone pole. The accused was not at the site of the accident, the evidence stated, but did contact the detachment the next day. He gave a statement that he had fallen asleep and did not notice a lack of control until he hit the pole. The tires of the vehicle were completely bald, the officer stated. Since there was no defence there was a finding of

guilty on all three charges. The Judge called for fines of \$200 and \$3 costs for conviction of careless driving, \$50 and \$3 costs for failure to report the accident and \$50 and costs for operating an unsafe vehicle.

Retiring

Lawrence Morrison, retiring Dysart council member from the West Guilford area told about 50 people at a meet the candidates' night last week at the Dysart Arena that he has enjoyed his years on council. Mr. Morrison has served for nine years as a council member and spent the 10 previous years on the Dysart Telephone Commission.

On her first anniversary, Nancy Brink of Nancy's Flowers in Haliburton was giving out the presents. Pat Creelman accepts one of the roses given out to the first hundred customers on Thursday, November 25.

Dispute at Martin's over OHIP payments

A dispute over OHIP payments has resulted in a strike at the Martin Logging Company. Grenville Martin, a representative of the company, told The Echo that as far as the company is concerned it is an illegal strike. He said the issue is a clause in the contract where the company pays 100 per cent of the OHIP payments but if the payments increase in 1977 the workers are to pay the difference. Mr. Martin said that actually there is a contract signed by the union but not ratified by the employees.

OPP clamping down on village motorists

With the weather getting colder motorists had better remember to keep the snow, ice and frost off of their car windows.

The Minden detachment of the Ontario Provincial Police report that the police officers will be watching for motorists with windows not properly cleared.

In a report from the detachment's first planning meeting it was pointed out that officers will also be watching for motorists failing to yield from parking areas.

There will be stricter enforcement of the driving infractions that are occurring in the villages and more patrol hours will be spent in the cottage area.

The report stated that statistics for the past three years indicate that by continuing the regular enforcement and stressing the plans three points that there will likely be a reduction in crime and collisions.

"The goal for Dec. 1976 is a 10 per cent reduction in the number of motor vehicle collisions" the report stated.

The report pointed out that traffic and crime statistics for 1973, 1974 and 1975 were checked and examined and a goal was set.

"The officers have been working on a plan to achieve the goal. By making the plan and goal public it is hoped everyone will work towards reaching the goal," it said in the report.

NOTICE OF POLL

Notice is hereby given to the Municipal Electors of the TOWNSHIP OF CARDIFF in the PROVISIONAL COUNTY OF HALIBURTON that whereas more candidates have been nominated to each of the following offices than the number required to fill such offices, therefore polls will be held at the times and places stated in this notice for the purpose of electing the holders of such offices.

Echo Editorials

Election day is important for both voters and candidates

This coming Monday, December 6th is election day throughout the various Municipalities and it should be a big day not only for the candidates who are running but also for the voters. In most of the municipalities we have a good slate of candidates running for the various councils and school boards.

These people who we will be electing will be carrying on our business both on the municipal level and on the Haliburton County Board of Education. A great amount of money will be spent and you should have a say in just how this money will be spent. The only way you can have your say is by being at the polls on Monday and casting your vote.

It's really surprising just to see how many people sit at home on election

day with the thought in their minds that there vote won't count much anyway and that it doesn't matter who we vote for it won't change anything. This kind of thinking is all wrong, your vote really does count.

It always seems to us that these people who won't take the time to come out and vote are the first citizens to start to chew when something doesn't suit them. If they don't vote they should keep their mouth shut.

The day of the fair is the day to be there. So make up your mind now that you will be at the polls on Monday to cast your vote for the candidates you think will get the job done.

Lets hope that in this year 1976 that we will see a record vote in all of the municipalities. It's up to you so get out and vote.

Tourism promoters needed for skiers

Cross country skiing is going to be good for the Haliburton Highlands if our tourism promoters do a good job selling it to the people of Ontario.

Haliburton was first graced with scenic beauty, excellent winter sports weather and lots of open land.

Then people who are willing to promote the area as a great tourist spot came along. Hard working individuals helped to make it even better by coming up with many ideas for winter sports.

Now we have another hard working group promoting one of the fastest

growing sports in Ontario, cross country skiing.

By the turnout at the recent meeting of the Haliburton Highlands Cross Country Ski Club we can see that there are enough interested people in the area, which should give a boost and a little bit of incentive to the tourist promoters.

The cross country ski club is putting together the package, simply out of interest in the sport which should open the doors to bring in a few more tourists during the long winter months.

Suggestions for avoiding home falls

Falls can be fatal, and they can happen right in your own home, says the Industrial Accident Prevention Association.

The IAPA has these suggestions for avoiding falls at home:

- ° Wear proper footwear whether at work, at play, or all dressed up. Repair all loose or damaged heels and soles.
- ° Don't rip over that footstool. Arrange your furniture so that it won't interfere with the normal traffic pattern in your home.
- ° Avoid carrying loads that are too cumbersome and that block your vision.
- ° Keep your floors clear of clutter. Have a place for all your garden tools and household equipment and keep them in their place. That way you won't trip over them.
- ° Wipe up spilled liquids such as water, oil, grease, solvents and coffee.
- ° Repair loose flooring and uneven floor surfaces.
- ° Place non-skid pad under scatter and throw rugs. That way they can't throw you.

- ° Tack down turned up edges of carpeting.
- ° Don't climb on chairs and boxes to get at out-of-reach places. Use a proper ladder or step stool and then be very careful.

- ° Use steps and ladders properly and keep them in good repair before trusting them with your life.
- ° Use floor wax sparingly, apply in thin coats and polish thoroughly. It'll look better and you won't slide into the room.

- ° Remove tools, toys, electrical cords, boxes from walkways, aisles and stairs. That way you won't trip over the proverbial roller skate.

- ° Correct defective stairs, outside steps, railings and slippery surfaces.
- ° Install adequate lighting in halls, stairways, aisles, outside entrances, work and living areas.

- ° Adequate lighting is of little use if you can't find the switch. Light switches should be located so that you can light your way along halls, into rooms and on stairways.

Our Pic of the Past this week shows the students of all the grades of the Carnarvon School taken in 1920. Front row, left to right. Jean Chambers [Mrs. Bate], Lyla Chambers [Mrs. Arleigh Harrison], Florence Harrison [Mrs. Bert Johnston], Carrie Cowen, Lois Brown, [Mrs. Louis Watt], Marjorie Harrison [Mrs. Link].

Haliburton Highlights

At a recent meeting of the Haliburton Rotary Club the club honoured Harold Black by creating a "Paul Harris Fellowship" in his name. This is the first selection in the Haliburton Clubs history and is in recognition of Harold Black's many contributions to Rotary and to the community in general during his lifetime.

This coming Monday is election day and may we remind you once again to get out and vote. Lets have a big turnout at the polls and show that democracy is really working.

There is a big dance this coming Saturday night, December 4th at the Legion Hall at Haliburton starting at 9 p.m. featuring the music of the County Down and its sponsored by Associate and Fraternal of the Royal Canadian Legion \$3.00 per couple, \$2.00 single, refreshments available.

In last weeks paper we ran some hockey schedules please clip them out for future reference.

In last weeks paper we ran some hockey schedules please clip them out for future reference.

Nancy's Flowers in Haliburton celebrated their 1st Anniversary Sale last week.

The motion picture "In Search of Noah's Ark" drew excellent crowds at both the Molou Theatre in Haliburton and the Beaver Theatre in Minden.

The United Church congregations of Gooderham, Highland Grove, Tory Hill and Wilberforce will have one joint service during the winter. November and December at Wilberforce, January and February at Gooderham and March and April at Tory Hill. Service time 11:00 a.m.

The Ontario Society for Crippled Children advocates the removal of architectural barriers to the handicapped from the plans of all new or reconstructed public buildings.

For a while it looked as though we might not be going to have a white Christmas. But all of that has changed as the snow fell in large amounts over the past weekend.

This Friday, December 3rd at the Haliburton Arena Bewdley will be in town to meet the Huskies. Try and get out and cheer the Huskies on to victory. They need your support as the crowds have been very small.

Henrietta VanLieshout has been chosen to represent the Haliburton Rotary Club on an exchange to Australia.

The Rotary Club of Haliburton reports that a study has indicated that there is a need for a "Big Brother" programme in Haliburton.

On November 30 Reeve Murray Fearrey, School board member Len Salvatori and Ward 3 Candidate Maxine Magee were at the Haliburton High School to speak with some of the classes.

Editor's notebook

BY JIM BADGLEY

It doesn't take much to figure out just what the election issues around the county are.

In the education end of the election we find that busing and an open door policy are what the new candidates seem to be set on. The incumbents are generally basing their campaigns on the fact that education has been and is continuing to be good in Haliburton.

Busing is a problem in all board of education throughout Ontario or at least most of them.

Haliburton County, because of its rural atmosphere finds that it is even more of a problem here.

In the municipal elections we here talk of spending, zoning and planning in general. One thing I have noticed on the municipal level that is refreshing is that there are few campaigns against the seasonal candidates.

In a couple of areas of the county seasonal residents are seeking seats and it would be easy for the permanent resident to fight back by using it as a campaign issue. To date I have heard few words against the seasonal residents and most people seem to be allowing them to run on their own merit.

Murray Fearrey stole the show at the meet the candidates night when he attacked statements made by Minden Justice of the Peace, Dean Elliott. It seems that by Mr. Elliott's letter to the editor of The Echo hit a nerve with the Dysart reeve.

Mr. Fearrey and his council have been trying to get better police protection for Dysart for quite some time, about 10 years in all I understand and now they seem to find themselves pitted against civil servants.

The battle is still on for a police detachment in Dysart and I doubt if the council is going to be swayed by opinions of civil servants.

MP Bill Scott is concerned with vandalism and the punishments handed out to convicted vandals.

Mr. Scott is on the right track, residents of this country have always prided themselves on the type of place it is to live which includes a low

crime rate. If we do not continuously check the situation though we may have problems brewing sometime in the future.

There still are not enough hockey fans attending games at the Dysart Arena. Perhaps a few of the people around town might think I should be putting this complaint in the Sports column but I think the matter is much more for the general public.

Hockey, like other sports is becoming more and more a part of our daily lives. People these days have more recreation time and with that time should be attempting to put it to good use. One of the best ways to put it to good use is to get out and support our local hockey players.

If the arena does not start to fill up the odd time for hockey games it won't be long before some of the residents will be saying, "What happened to our minor hockey system?"

Minor hockey has built many a good character in past years but needs everyone's support to continue to do so.

The Echo

Established in 1882 as the Minden Echo and Haliburton Recorder. An independent weekly newspaper serving Haliburton County for 94 years and published every Wednesday by Algonquin Graphics Ltd. at Highland Street Haliburton, Ontario.

SALUTATION TO THE DAWN

LOOK TO THIS DAY!
FOR IT IS LIFE, THE VERY LIFE OF LIFE.
IN ITS BRIEF COURSE
LIE ALL THE VERITIES AND REALITIES OF YOUR
EXISTENCE:
THE BLISS OF GROWTH;
THE GLORY OF ACTION;
THE SPLENDOR OF ACHIEVEMENT;
FOR YESTERDAY IS BUT A DREAM,
AND TOMORROW IS ONLY A VISION;
BUT TODAY, WELL LIVED, MAKES EVERY
YESTERDAY A DREAM OF HAPPINESS,
AND EVERY TOMORROW A VISION OF HOPE.
LOOK WELL, THEREFORE, TO THIS DAY!

KALIDASA -- TRANSLATED FROM THE SANSKRIT

Life has been going on much as usual at Extendicare. The main difference between those inside and those outside is that the outsiders feel that they have all the time in the world while those living know that they can only live a day at a time. This is not so bad as it may seem. When you think you have all the time there is, you tend to squander it -- to get sloppy. On the other hand when you can only live a day at a time you are liable to try harder to do your best. One thing is sure to-morrow never arrives. If we do our best today, and everyday, to-morrows will take care of themselves. It is now that really counts. We should do more things on the spot, before the spot is removed. But remember to-day is King.

On Tuesday morning the bus "Happy Gang" with Miriam Lewis at the wheel took off for the big metropolis of Wilberforce. Now loading a bus for the strong and healthy is one thing, doing so for the week and handicapped is something else. It requires patience, skill, wheel chairs, and a couple of nursing aids thrown in for good measure. Enroute the women gossiped and Bert McKelvey held forth song and dance. I must confess that I was very impressed with Wilberforce with its 450 population at \$450,000.00 Lloyd Watson Memorial Centre. Everything seemed to be on the up and up. I speak not of industry and money, but rather in terms of the good life which is the be all and end all of everything. The Lloyd Watson Memorial Centre where we were entertained by the

Monmouth Sr. Citizens Club is a beautiful place and would compare favourably with many swanky private clubs. In fact the village gave you the impression that here is a community that takes a great pride in itself. As an old skip, I visited the Curling Rink which the men put up themselves. One of its claim for fame is the fact that the place is the home of Miriam Lewis who is in charge of Activities at Extendicare. The good ladies of the Monmouth Club provided us with a very nice luncheon after when we broke into groups playing Euchre, carpet bowling, ring toss, and formal and square dancing. After 4:00 p.m. we performed again the laborious task of loading 32 handicapped residents, six of whom could not walk. We arrived back before 5:00 p.m. tired after a most enjoyable trip. We are indebted to the ladies and Mr. Eric Andrews.

Correction to last week's column. Our Christmas dinner will be held on December 21st at supper time instead of the 22nd, as previously stated.

One of our residents, Mrs. Mary Currah, is taking a basket weaving course at the Haliburton School of Fine Arts. We are looking forward to getting our own classes started in the Craft Room.

On Wednesday afternoon Mrs. Mary Packard entertained the group with movies. It was very enjoyable especially the popcorn at intermission.

On Friday Pastor Glen Rosch led our Service of Worship. His theme was the birth of Christ. He narrated the circumstances and prophesies leading up to this world shaping event. It was a timely message and more so because Christmas has been so commercial. Mrs. Rosch assisted at the piano and gave the closing prayer.

On Friday afternoon the Happy Gang held a party to which were invited over 60's of the community. Miss Sandra Rosch and Mrs. Betty Salvatori played for the sing songs led by Frank McIntyre. A piano solo by Sandra was much appreciated. The Rev. Trevor Denny was in great form and impressed the audience with the total qualities of his renditions. The Over 60 Club under Mr. Hargreaves' leadership sang Amazing Grace. Miss Elston welcomed the group and Mrs. Miriam Lewis invited persons to use our quarters for card games, etc. Light refreshments were served during the program.

Well I guess this is it. Have a good time this week. "WE REALLY DON'T REALIZE HOW WONDERFUL TODAY IS UNTIL TOMORROW."

Midgets clobber Bob 10-0 at Dysart Arena

The Haliburton Beaconbrook Midgets probably set some sort of record Saturday night when they recorded a 10-0 shut out against Bobcaygeon at the Dysart Arena.

The 10 goals by Haliburton in the game gave them a total of 41 goals in three straight contests.

Bernie Nicholls again led the way for Haliburton scoring five times and unassisting on one more.

Rod Consack picked up a pair of goals and an assist in the game.

Nicholls opened the scoring at the 2:39 mark on a play from Mike Iles.

It was Nicholls again with 7:06 gone in the first period this time unassisted.

Less than one minute later Kevin Noseworthy gave Haliburton a 3-0 lead on a

goal from Dave Harrison.

It was Consack's turn with 6:16 remaining in the first period on a play from Nicholls.

Consack put Haliburton into a 5-0 lead in the second period scoring at the 4:52 mark unassisted.

Nicholls posted his third goal of the game with just over six minutes remaining in the period on a play from Iles.

It was Nicholls again in the final minute of the period with assists going to

Mike Scheffee and Consack.

Haliburton got off to a slower start in the third period and didn't get another marker on the board until the 6:06 mark when Kevin O'Hara netted a pass from Ed Roberts.

Dean Potter put Haliburton into a 9-0 lead less than one minute later with an unassisted goal.

Nicholls rounded off the scoring at the 11:49 mark unassisted.

Chris Roberts recorded the shut out.

A total of 30 penalties

were called in the game with 17 going to Bobcaygeon.

Beaverton finally stops Haliburton

The road at the top stopped suddenly for the Haliburton Beaconbrook Midgets Sunday in Beaverton when they dropped a 3-2 decision.

Beaverton opened the scoring at the 11:33 mark of the first period when Doug

Richardson connected from Dave Hill.

The lead was increased to 2-0 when Dave Gray scored from John Meyers at 8:11 of the second period.

Beaverton went ahead by three goals just one minute later when Hill connected from Gord Uyse.

The third period was all Haliburton but it wasn't enough.

Bernie Nicholls, the leading scorer and point man in the league put Haliburton back in the game at 3:29 of the period with an unassisted goal.

Nicholls set up Mike Scheffee just 30 seconds later to put Haliburton within one goal of Beaverton.

Only 13 penalties were called in the game with seven going to Beaverton and six to Haliburton.

The midgets next game will be Saturday night against Fenelon Falls at 8:30 p.m.

County sports

By Jim Badgley

Things are probably getting difficult for the Haliburton Beaconbrook Midgets, not because they aren't scoring goals but because the league they are playing in doesn't have a great deal of balance.

The midgets are coasting along, winning with lopsided scores and not getting into an over abundance of tough games. It can't be easy to keep the teams up for the good clubs when it is coming off a 20 goal night the game before.

Hopefully these scores like 22-0, 17-3 and 14-0 are that high because that is how good the midgets are, not how bad the opposition is.

The old saying, "save a few goals for the next game," is probably a little bit true. We all know it is impossible to save a few for the next game, but if the scores weren't so lopsided perhaps the team would find it easier to keep up for the good clubs.

One thing the midgets must be doing is instilling a little fear in the hearts of the opposition. The scoring in the league reads like who is who for Haliburton. Bernie Nicholls, the big shooter on the club scored 20 goals in the teams first six games for an average of 3.3 goals per game. Just on the power of the number of goals that Nicholls has the club would be near the top of the league.

Now we find that it isn't just Nicholls leading the way. Rod Consack and Andy Salvatori are doing their share of the goal scoring as well.

Not only that but the rest of the forwards are getting their licks in and netting a few goals.

Defensively the club is just as strong as it is offensively. The opposition both the good and the bad clubs aren't scoring very many goals against Haliburton.

The midgets, I would say have a good hockey team, that can produce and with a few breaks be the team to beat in their category.

Cross country skiers have been organized in Haliburton and may have formed something that will benefit the entire area.

Winters in Haliburton County are drawing more and more people all the time and the more organization there is in winter sports the easier it will be to promote the area.

Haliburton has a great deal to offer recreation and sports wise in the winter, just as much as it has to offer in the summer. There is cross country skiing, snowmobiling, down hill skiing and much more, including just sitting watching the snow fall.

With cross country skiing getting the organization it deserves one can expect it to help pick up the tourist business a little. Cross country skiing is one of the fastest growing sports in Canada, and for good reason, it does provide the opportunity to enjoy the outdoors in the winter at a slow pace, gives the physical exercise and most of all lets people see how beautiful Haliburton really is. Perhaps we all should be getting out and taking in a little of the exercise.

Huskies down Bancroft

The Haliburton Huskies seemed to get untracked Friday night and came up with a win over Bancroft in a game played at the Dysart Arena.

The Huskies dropped a 6-4 decision to Bewdley earlier in the week before winning 8-5 against Bancroft.

The Huskies picked up the win with team captain Tim Oram sitting out a suspension for major misconduct he picked up in the Bewdley game.

Haliburton also lost Dave Hartwick and Bart Barnes half way through the Bancroft game. Hartwick took a major misconduct and Barnes a game misconduct.

Joe Roberts picked up the slack with Oram out, scoring three times and picking up a pair of assists.

The Huskies opened the scoring at the 1:35 mark on a goal by Al Linton from Roger Kellar.

Haliburton went ahead 2-1 at 1:37 of the period when Roberts scored from Barnes.

Just 30 seconds later Bernie Nicholls connected on a power play, unassisted.

Bancroft narrowed the count to 3-2 with only one second remaining in the period when Linton scored unassisted.

Jim Wade tied the score for Bancroft at the 3:40 mark of the period when he netted a goal on a play from Mark McGee.

Dave Levely got the lead back for Haliburton at 9:31 of the second period firing a goal unassisted.

Scheffee connected for his second of three goals at 17:28 with assists going to Barry Shaw and Nicholls.

Bancroft came out in the third period like they were going to make a comeback.

Doug Robock put the visitors within one goal when he scored from Jim Wade and Jeff Murphy at 2:59.

The Huskies put the game away though about one minute later on the strength of Scheffee's third goal. Assists went to Larry Stinson and Roberts.

Haliburton made it 7-4

just 17 seconds later on a goal by Roberts. Nicholls and Jim Thompson picked up assists.

It was Roberts again at the 13:20 mark scoring a power play goal from Nicholls and Stinson.

Bancroft got on the score-sheet again with just over 1 1/2 minutes to go in the game when Wade scored

unassisted.

A total of 26 penalties were called in the game with 16 going to Haliburton.

Haliburton started early in the game against Bewdley but ended up on the short end of the score.

Roberts in his first of two goals in the game scored from Nicholls at the 7:09 mark.

Bewdley's Roger Vowles evened the count with 7:55 to go in the period unassisted.

A goal by Kirk Woodward two minutes later gave Bewdley a 2-1 lead. Dan Goody picked up an assist.

Tim Oram evened the score in the game at the 3:54 mark of the second period with an assist going to Randy Barras.

Bewdley went back into the lead less than one minute later on a goal by Dan Floyd with assists going to Vowles and Bruce Robinson.

Bob Eardley gave Bewdley a goal edge one minute later when he scored from Dan Thompson and Marty Brown.

Haliburton pulled within one goal at the 8:43 mark

Midgets just keep right on scoring

The Haliburton Beaconbrook Midgets continued to fly high last week and came up with a 14-0 win in Omamee.

Coupled with a lopsided win over Little Britain two weeks ago the midgets scored 31 goals in two games. In their home opener this year the midgets downed the same Omamee team 22-0.

Leading the way for Haliburton was Bernie Nicholls with six goals and three assists. Nicholls now has 20 goals in the six games played this season.

Rod Consack picked up five goals in the game coupled with eight in the game before for 13 in two nights.

Consack opened the scoring at the 7:45 mark of the first period when he connected from Ed Roberts.

Less that a minute later Consack gave Haliburton a 2-0 lead scoring unassisted.

It was Nicholls' turn with three minutes to go in the period when he scored on a play from Mike Scheffee and Mike Iles.

Just 45 seconds later Andy Salvatori scored from Scheffee to end the period with Haliburton in a 4-0 lead.

It took the midgets a few minutes to get untracked in the second period but when they did it proved to be the end for Omamee.

Consack opened the scoring in the period at the 6:03 mark from Nicholls and Kevin Noseworthy.

It was Consack again at the 10:45 mark when he tallied from Nicholls and Scheffee.

Dean Potter gave Haliburton a 7-0 lead scoring unassisted at 13:12 of the period.

For the last minute and a half of the second period it was almost all Nicholls and Consack. Nicholls scored with 1:23 to go from Consack then with just under a minute to play it was Consack from Nicholls and Iles and finally with just 19 seconds to go in the period Nicholls scored unassisted to give Haliburton a 10-0 lead.

Children's night at game

Friday night the Haliburton Huskies will be opening the doors to public school students.

The game, against Bewdley, starts at 8:30 p.m. and all public school students will be admitted free.

Huskies' manager Don Lloyd said that it might be a good idea if a few of the adults in town bring out their youngsters to see the team play.

Flyers take first series

Captain Fran Wood's Flyers took the first series in the Wednesday afternoon mixed bowling league with a total of 46 points.

The Floozies finished second with 42 points, Holly Hawks had 41, Sooners 34, Jets 33 and Fonzie's 33.

Linda Morrison's 773 last week moved her into first high average with 221, Ev Stata 220, Marie Jenkins 200.

Ray Jenkins slipped a 221 with Bill Barber up to 199. Barber still holds a high single of 343. Ray's high single is 304.

Linda Morrison has a high single of 313, Ev Stata has a 294 and Shirley Hamilton a 278.

The high triples for the series are Jenkins with a 815 and Ev Stata with 783.

As of Nov. 24 the following pairs are still in contention for the Beat Your Average tournament, Art Beatty and Betty Wise, Bill Barber and Vi Cornish, Marie Jenkins and Wendy Kirkpatrick, Shirley Hamilton and Carol Harrison, Jack Henderson and Helen Knapp and Noreen Pinch and Art Beatty.

There are 22 bowlers who have entered the Carling O'Keefe tournament and all six teams have entered the Hault-Hellwell Mail-o-graphic tournament.

This league is 99 per cent OBC bowlers.

Last week Jack Henderson rolled a 261, Linda Morrison 286 and Bill Barber 270. High triples went to Linda Morrison 773, Bill Barber 675, Marlene Nimigon 575 and Marie Jenkins 583.

THE FLU.

**This is how
Ontario's no-cost
flu protection
program
will work.**

There could be an outbreak of flu in Ontario this winter. So your Province is recommending vaccination against both swine flu and Victoria flu for people age 65 and older, and people age 20 and older who have certain chronic illnesses such as diabetes, heart, lung or kidney disease. We plan to vaccinate them with one inoculation before the diseases strike — if they strike. There is no charge.

We are also offering no-cost swine flu vaccination to other people age 20 and older who want to be vaccinated. But no one will be required to accept vaccination — it is a personal and voluntary decision.

What these flus are

Both flus are caused by contagious viruses that spread directly from one person to another, just like the common cold. (Swine flu is not caused by eating pork.)

Swine flu is suspected of being similar to the 1918-19 flu which was responsible for the deaths of 20 million people world-wide, including 45,000 Canadians. Victoria flu was responsible for many deaths and illnesses as recently as last winter.

Symptoms

The symptoms are usually fever, muscle aches, headaches, chills and coughing. It takes one to three days from the time the virus gets into your system until you start feeling ill. The flu lasts two to seven days. With severe infections, flu can kill. Swine flu can kill within 24 hours.

Ontario's no-cost vaccination program

To ward off these two flus, Ontario's 44 local Medical Officers of Health will administer a province-wide vaccination program. Dates, places and times of clinics in your area will be announced.

Many of Ontario's 2,200 public health nurses will carry out the actual vaccinations. Some family physicians will be vaccinating their own chronically-ill patients. Your Ontario Government pays all costs.

Vaccinations will be given with traditional needles or with fast painless air spray injectors that shoot a light spray of

vaccine through the skin of the arm. The injector can vaccinate 1,000 people an hour, and it has been used safely for many years. Flu vaccination does not leave a scar.

Possible side effects for those who should be vaccinated

Most people will have no side effects from this vaccination. Serious side effects are rare, but they can occur — as with any vaccination. Minor side effects can include a sore arm, headache, fever and muscle aches, lasting one or two days. If these minor symptoms persist, contact your doctor. Protection through vaccination starts in about three weeks and will probably last a year or more.

Who should NOT be vaccinated

If you are allergic to chicken eggs, chicken or chicken feathers, don't be vaccinated at all, because the vaccine is made from chicken eggs and can cause a severe reaction. If you have fever, acute respiratory or other active infections, don't be vaccinated while you are ill. No one should be vaccinated for swine flu within 14 days before or after any other vaccination.

Flu vaccine will protect 80 to 90 per cent of those vaccinated — but there is no drug or antibiotic to cure flu, so vaccination is desirable.

For further information about the flu vaccination program, contact your local public health unit.

Province of Ontario

This and that

By Jennifer Woods

Until the thirteenth century, the Arabs, the leading spice merchants of the world had kept the secret of their source of supply a closely guarded secret. And the west did not discover where these riches could be obtained until Marco Polo visited the Orient and brought back these wonderful riches.

When you are using spices it is best to be selective. Not all mix well. The use of spices is an art not a science. If spices are kept too long they lose their flavour so they should be changed or checked periodically.

ALLSPICE: Allspice is the dried, hard, unripe berry of the pimento or allspice tree, a member of the bay family. It tastes like a combination of cinnamon, nutmeg, mace and cloves. The spice is used in fruit pies and cakes but is especially good with chicken.

ANISEED: It has a light liquorice flavour when used with a gentle touch. It is used in cakes and confectionary. Aniseed is distilled to make Pernod and Anisette, two French liquors. **CARDAMON:** This spice belongs to the ginger family. It is one of the main ingredients in curry powders and sauces. Try a little cardamon sprinkled on melon, its delicious.

CINNAMON: It is made from the dried spicy inner bark of the cinnamon tree. It goes well in cakes and apple pies as we all know but try it on fish and pork chops. Warm some wine this winter and add cinnamon for a very special taste.

CURRY POWDER: Commonly known as a spice, curry powder is really a blend of many herbs and spices. You may have a curry powder that contains allspice, aniseed, bay leaves, cardamon, cinnamon, cloves, coriander, cumin, dill, fennel, garlic, ginger, mace, mustard, nutmeg, blackpepper, white pepper, paprika, poppy seeds, saffron, turmeric seeds etc. I must say that I was very surprised to find out that curry powder contained all these things. The strength of the blend depends on how much hot pepper is used.

MUSTARD: English mustard is a blend of powdered white and black mustards with a little turmeric added to give the mustard powder a rich golden yellow colour. It is very hot in flavour.

Echo Family

Change date of Fair

The date of the Haliburton County Fair has been changed as a result of a decision of the Minden Fair Board at the annual meeting held Nov. 24.

The date set for the fair now stands at August 13 and 14 of 1977, two weeks earlier than the date of this year's fair.

It is hoped that the change in date will improve attendance at the fair, since it will now longer conflict with the C.N.E., and more actioners will be in the area at the earlier time.

A major consideration in the decision is that exhibits and shows will be able to come this way from Peterborough Fair which ends on the weekend that the Minden Fair is now scheduled to begin.

The earlier date will also mean that Robertson's Shows can be engaged for the midway, since they are in the area to service the Minden and the Haliburton Summer Carnivals on the two weekends prior to the

13th and 14th. There have been unfortunate experiences with the midway over the last few years, according to the Agricultural Society president, Richard Parisotto, and it is hoped that the new arrangements will change that.

It was noted at the meeting as well that while Minden Fair competes with 10 to 13 fairs at its usual

date, the new date will mean that there are only three or four others running at the same time.

Elections for the position of President, first and second vice presidents, Secretary treasurer and assistant secretary treasurer were also carried out by the Board of directors, made up of virtually everyone at the meeting.

Richard Parisotto, for three years president, expressed a desire to step down from the position in order that the board have a fresh person at its head. In spite of opposition, he declined to serve as president again, pointing out that he could still assist as past president. Nomination for the position of president are still open, and will be decided at the next meeting of the board.

Elected to the position of first vice president is Jeanie Nesbitt. Yvonne Beauchamp was elected as second vice president. Helen Johnson accepted another term as secretary treasurer with Bev Connolly as assistant.

Gentlemen at the meeting were warned that it is no longer a man's world. The position of president, is, however, only open to them, according to the constitution.

H·H·S·S· News

by Becky Davidson

On Wednesday, November 24, H.H.S.S. hosted Norwood in the final games for the Kawartha Championship. Our juniors won 31-24 but unfortunately lost the series 62-48. The Norwood seniors won 38-32 but the Haliburton seniors won the series 57-55, thereby winning the Kawartha Championship. Both teams advance to COSSA competition on Saturday, December 4.

Despite the winter weather, our "50 Mile" club is still running. Mr. Lerpiniere - 27 miles, Mr. Brohman 23 miles, Mr. Oakley 20 miles, Miss Keohler 12 miles and Angela Bishop 6 miles.

The Instrumental Music Department is getting ready for their Christmas Concert, Wednesday, December 15. The three musical groups that will be performing are the Senior Band, Junior Band and the H.H.S.S. Stage Band. The programme features Christmas music along with some carol singing.

The Grade 12 Theatre Arts class is very busy now with the final preparations for their production of Noel Coward's "Waiting in the Wings". There will be student performances of the play on Wednesday, Thursday and Friday as well as the public performance on Friday and Saturday at 8:00. Tickets will be available at the door.

Bill Smiley

©The Argyle Syndicate Ltd.

LIKE SO many others, I was completely astonished by the sweeping victory of the Parti Quebecois in La Belle Province.

I was also just dreadfully, dreadfully upset at the thought of that darn old separatist Rainy Leveck taking over as Prime Minister of Quebec and exercising his rights to exorcise that fair province right out of the body politic of this Great Nation.

In fact, I was so disturbed by the whole thing that when my assistant department head, Jeanne Sauve, came up to me in the hall, grinning fiercely, and said, "Vive De Gaulle!" I just gave her an icy look and walked on.

I made myself scarce when my old shuffleboard partner, Bill Chenier, was looking for me for our usual noon-hour game in the staff room. No way am I going to be buddies with some guy who is probably an underground agent for Rainy Leveck.

However, I got my own back in a sort of sneaky, and you might even say sadistic way. I asked my four-year Grade 11s if they'd heard the news that the government of Ontario was going to put everyone with a French-Canadian name in concentration camps, just as our federal government, in its infinite stupidity, did with the west-coast Japanese after Pearl Harbor.

Boy, that shook them. They started looking around at each other. Half my classes are made up of Robitailles, Cadieux, Cadeaus, Moreaus, Bourgeois and so on. I said: "It'll certainly be nice to have smaller classes." Their mouths were open.

Then one guy in a front seat, with a good Scottish surname, started to grin, and said, in the impeccable English I instil in my students, "Ya, sir, I heard that there broadcast. But you didn't hear it all. They changed

their mind. They ain't gonna putten in camps. They've gowna line em all up and shootem." My cold, stern look began to crumble, and pretty soon we were all laughing as they realized they'd been "had" once more by Old Smiley.

Then we talked about what the separation of Quebec would mean. The kids, as usual, weren't too perturbed. Dynasties can come and go, as far as they are concerned, as long as they don't get a homework assignment out of it. The only thing that upsets them is a case of unrequited love, or the breakdown of the TV set just as the big sex or violence scene gets started.

The possibility of Quebec separating from the rest of Canada upsets me just about as much as it does the kids. I love Canada as it is, but I don't think that Confederation and all that jazz is a sacred thing. It was put together by a bunch of politicians for reasons that were not entirely altruistic, and if another bunch of politicians wants to disband the club, so be it.

The original plighting of troths was basically a marriage of convenience. After more than a hundred years of marital disharmony, if one of the parties feels the union is incompatible, why not get a divorce?

When I was the age of my students, the British Empire stretched around the world. In the cant phrase, the sun never set on it. Today that mighty Empire has shrunk to a tiny, beleaguered Britain, financially on the rocks. Does anybody really care, except a few elderly pukka sahibs?

People love frightening

themselves and each other. Political columnists are having a hey-day, speculating on the "balkanization" of Canada. After Quebec drops out, speculate the worry warts, B.C. and the Maritimes will probably become part of the U.S., the prairie provinces will secede and form a country called Manalask or something, and Ontario will be left sitting high and dry, the only remaining bastion of the true-blue WASP Canadian. Nobody seems to worry much about Newfy.

Maybe it's time this country

had a jolly good shaking up. We seemed to have changed in the last few decades from a vibrant and vital young nation with lots to be proud of, and plenty to look forward to, into a sour, crabby and suspicious middle-aged country, beset by inflation, unemployment and strikes.

We run down our leaders. We seek security rather than adventure. We whine about American domination and do nothing about it. We bitch about playing our part in NATO and giving money to poor countries and letting in

This and that from page 8

MACE: Mace is the dried outer sheath of the kernel of the fruit of the nutmeg tree. It is a very expensive spice. It is used for pickling and marinades. And if used for cakes or sweets it must be used very sparingly. It is mace that makes the unmistakable flavour in oyster stew.

NUTMEG: Nutmeg is the dried seed of the fruit of the nutmeg tree. It is usually used as a substitute for mace. The whole nut keeps its flavour almost indefinitely but ground nutmeg soon loses its flavour.

PAPRIKA: In the 16th century it was called Turkish pepper and is related to the red pepper. It is used a great deal in Spanish and Hungarian cooking. It adds flavour and colour to egg and fish dishes.

PEPPER: When Christopher Columbus bumped into North America on his way to the Spice Islands he was looking for pepper. Black pepper, our most common spice, quickly loses its flavour when ground so it is best to grind it at the table in a pepper mill as you need it. White pepper is the same seed as the black pepper only is freed of its outer skin. It is good for light sauces where you would not want black specks to appear. It is very hot. It is great for curry or barbecue sauces.

TURMERIC: It is made from the dried and ground stem of a plant of the ginger family. It is similar in flavour to ginger. It is famous mainly for the rich yellow colour it gives to foods.

I hope you enjoy reading about these spices as I did writing about them. It is very interesting learning more about things that we take for granted. So I guess we should say thanks to Marco Polo and Columbus for that bottle of Curry Powder we have in the cupboard. And I thought that Christopher Columbus was only famous for discovering America!

RE-ELECT
LEN SALVATORI
 for
SCHOOL TRUSTEE
 MUNICIPALITY OF DYSART ET AL
MONDAY, DECEMBER 6, 1976
 Once again I am soliciting Your
 Support **BECAUSE!**
 (1) I have a vested interest in the youth of Haliburton County, and that they receive equal educational opportunities as the rest of the province.
 (2) I have many years experience.
 (3) I have children in the Elementary and Secondary Schools.
 (4) Because of my continued interest in the County Educational System. I have given generously of my time. I will continue to do so if elected.
YOUR SUPPORT
WILL BE APPRECIATED

Board sticking to basics

The Haliburton County Board of Education has tried to stick to basics over the past few years, according to incumbent candidates from Dysart for the board.

Winter trails program

The Province of Ontario will offer a winter trails program to assist local trails clubs provide outdoor recreation opportunities during the winter months.

John Eakins, MPP Victoria-Haliburton said that the Ministry of Natural Resources will again be responsible for a winter trails grooming and maintenance program and that the funds allocated will be \$1/4 million and will be used in two ways.

The money will be used for non-statutory grants to snowmobile and cross country ski clubs to do their own grooming and maintenance trails and for maintenance, repair and replacement of ministry equipment which will be loaned to clubs for this purpose.

Mr. Eakins said that secondly the ministry will continue its winter trails program on public lands in high demand areas in the province and thirdly the Ministry of Culture and Recreation have announced that trails clubs may also apply to the Wintario fund for financial assistance for trail related capital projects.

He added that application for funding should be made directly to the nearest office of the Ministry of Natural Resources and clubs wishing to apply for Wintario funding should apply directly to the local field office of the Ministry of Culture and Recreation.

Mr. Eakins said he hopes this assistance will give thousands of Ontario people a rich opportunity to enjoy recreation on winter trails during this coming season.

The candidates spoke at "meet the candidates night" last week.

Rick Poole, presently vice-chairman of the board, said that the board has always tried to keep the basic sound education even while the province was getting away from it.

"One of our main goals is to keep the core program," he said.

Earl Cooper, candidate for the board, said that he would like to make close working conditions between the board, teachers and parents. He noted, "I don't have very much to put forward as a platform," but intends to use his past experience to help the board.

Tom Little, candidate, said that he wants to see more public involvement in education in the board.

He pointed out that people should be encouraged to come to the meetings.

Mr. Little said that he is not implying that the present board has hidden anything but they did not go out of their way to involve the public.

On the question of busing, he said that he is willing to carry the ratepayers feelings to the board.

Len Salvatori, incumbent candidate, said there have been a lot of changes over the 14 years he has served but during the changes the

board has been able to keep its basic core program.

Mr. Salvatori pointed out one of the problems of the board is the reduction in grants from the province. He stated that the grants have been reduced because Haliburton has a high assessment compared to the number of students.

He pointed out that the tax reform to market value assessment will also change the grant structure.

Mr. Salvatori said that he feels experience is needed on the board to help solve the problems.

Dorothy Way, incumbent candidate, said that Haliburton has progressed a long way from a one room school. She said that she is concerned with the quality of education, first as a parent and secondly as a grandparent.

Mrs. Way said that she is particularly proud of the program set up in the system for retarded children.

Dennis Waymouth, incumbent candidate, said that he has been on the board for two terms now. He pointed out that the first term was spent learning the ways of the board and the second term he was able to apply what he had learned.

Mr. Waymouth said that he is interested in getting the best possible education for the children in the area.

Property taxation

During discussion on the estimates of the Ministry of Industry and Tourism, John Eakins, MPP Victoria-Haliburton, questioned Claude Bennett about the effect of the property tax proposals on the tourist business.

Mr. Eakins, who was the lead-off speaker for the Ontario Liberal Party, expressed the concern of the many people in the Victoria Haliburton area who had written to him.

Mr. Eakins said, "I would like to know how the Minister feels about the effects that the proposed property tax reforms will have on the province's tourist facilities if those proposals are implemented in their present form. When Tourism Ontario appeared before the Willis Blair Commission they warned the members that our present tourist slump could worsen with these proposals if business tax is increased on hotels, motels and resorts. Higher business tax would only mean higher room rates to further discourage the slumping U.S. market."

Mr. Eakins also drew the Minister's attention to the proposal for golf courses, and in particular proposal number 2 per cent of the property tax reforms, which would tax golf courses at 100 per cent of market value.

Mr. Eakins said he thought this was wrong, and added, "This proposal to tax golf courses, one of our finest recreational attractions, in this manner simply amazes me in light of a study that was done on this in 1972. A committee was set up specifically to enquire into the assessment of golf courses and make recommendations as to their valuation and taxation, because golf course owners had indicated that they could not afford taxes based on market value assessment. Obviously, if owners were required to pay taxes on 100 per cent of the market value of their property, the fees they would have to charge to maintain such large tracts of land would be exorbitant. Therefore the Report of the Committee on Golf Course Assessment & Taxation [1972] was published in February 1972 and I support their recommendation that "because of the general contribution to the urban environment made by golf courses, we would welcome any change in the assessment practice that would give an incentive to the owners to maintain their land as golf courses."

Mr. Eakins added, "What amazes me is that this Committee's report has simply been shelved and I would like to know why after a study was set up to look into this matter, the recommendations were not considered."

"The reason that I am discussing the implications of the tax reform proposals is simply that all the efforts put forth by the Ministry to rectify the slump in the tourist industry may be obliterated by the effects of increased taxes brought on by these proposals. Such increased taxes will simply make it more difficult to improve the situation."

Gems of Truth

Sound Christian Teaching [cont'd from last week]

The message of the Apostle Paul in the Book of Galatians, makes it clear that the message of "Grace" as revealed for the Church, dare not be mixed with that of Moses under the days of the Law. The "Saviour" had not fulfilled the demands of that "Law" and was able to give "Life" to a believing one. The age of "Grace" had now appeared to all men. The work of God on a sinner's behalf admits of no mixture of that work and aught that pertains to human effort or merit. To this fact the Galatian Epistle calls particular attention. The of Moses and the message of Paul must be clearly understood. That which Moses had been inspired to teach concerning "law keeping" was now "completely" fulfilled by the true "Paschal Lamb" of God.

Faith in the atoning work of that "Lamb" was how the Christian Church of Galatia received its beginning. In turning from "that faith principle" and accepting the teaching of "Grace" plus "Law", the Galatians fell into error. Paul says they

had "fallen from Grace" Gal 5: verse 4. One must note that it does not say they had gone back into sin, but rather they had turned to the deeds of the law or good works to make their "Salvation" more sure and secure. It was "Grace plus Law" thus they were leaning back upon that which had not been able to give "salvation" in the first place. Had the "Law" been able to save, they would have been no need for the "Lamb of God", the Lord Jesus, to appear on the scene. Gal. 2:21. The "Law" had no "power" to give to anyone to fulfill its demands. "Grace" supplies that needed "power" to a child of God. The Lord Jesus is that Power! This is how a sinner is both saved and sanctified. His proof is in transformed lives and joyous Christian living. See: Gal. 2:16, 3:1-3, 10-13, 26, 4:9-10 5:1-6, 22-24.

The truths of the Book of Romans and Galatians needs much more emphasis in these days. The Church needs a thousand ministers of Paul's type, ministers "possessed" by the Lord of the Church, who know and believe the teachings of this

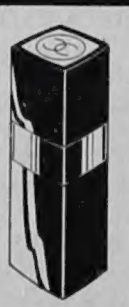

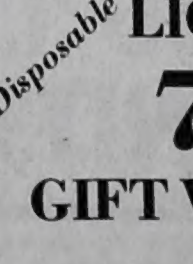

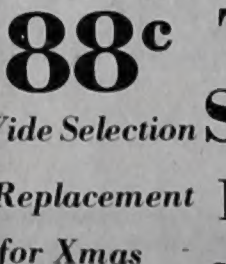

great Spirit - empowered, Spirit - directed, and Spirit - used servant of the Lord. Is it too much to say that had congregations been able to listen to "pulpit-ordained", rather than "pulpit-trained" men, the seeds of false prophets would be less conspicuous? This marvelous message of "Grace" is what sinners and saints alike need more than anything else.

Multitudes of believers, you name their brand, are seeking to accomplish a perfect state and walk of life. To this end, they toil labor, work, fast, groan, pray, and practice self denial only to meet with constant disappointments in their longings and desires. Many of them become discouraged and even dispondent. A convention address, a stirring appeal or a spirited message may inspire some to a new desire for a holy life and to this end make new resolves, but all in vain. Failure stalks every effort to Godly living.

First appearance day in Minden Provincial Court

Tuesday, Nov. 23 was a first appearance day at the Provincial Court in Minden. A number of cases came before the court to arrange dates for trial.

Since no duty counsel was available, a number of charges were put over to another day or until such time as those facing charges had an opportunity to speak to a lawyer. Cases being handled by Ted Gardiner were also put over, as Mr. Gardiner was unable to be present.

Thomas Kelley of Toronto, represented by Gardiner.

and charged with driving while prohibited, has been adjourned to January 11, 1977.

Judith Cowan, of RR2 Haliburton who was to be tried on charges of taking an automobile without consent and driving while prohibited

had her case remanded to December 21.

Charged with possession of narcotics for the purpose of trafficking, Frederick Neil of Whitby, was remanded to January 11 to be spoken to. The judge noted that the charge was serious in nature

and that Neil should have the opportunity of speaking to counsel.

Wilfred Browne of Toronto, facing charges of impaired driving and driving with more than .08 per cent alcohol in the blood, was referred to Dec. 21 to set a

date for trial.

In court to answer the same charges, Douglas McClure of Minden was remanded to December 21 for trial.

A case concerning Colin Lee of Toronto who faces a charge of perjury has been

set over to March 29, 1977 for trial.

David R. Bell, of Minden charged with theft over \$200 will return to court on Dec. 21 to set a trial date.

Three Bancroft youths, James Brown, John Lavoy and Kenneth Bruce who

were to be sentenced Nov. 23 on multiple charges of wilful damage and mischief, have been referred to January 11 for sentence. Bruce was to appear in court, and the judge ruled that all three should be sentenced together. It was also noted

that there were more inquiries to be made before sentencing. The three were warned that each would pay restitution of \$175 and \$38 in court costs.

Todd Keast of Toronto will set a date for trial on Dec. 21 for charges of driving with

an open container of liquor in his vehicle, impaired driving and driving with over .08 per cent alcohol blood level.

Donald Reil of Gooderham charged with mischief, will also set a date for trial on Dec. 21.

Building Specialists

8 motor vehicle crashes investigated

The Minden detachment of the Ontario Provincial Police investigated eight motor vehicle collisions and 44 general occurrences during the week of Nov. 22 to 28.

During that time there were two break-ins investigated, one compassionate message delivered, five persons charged with liquor licence act violations, three persons charged with impaired driving and one person charged under the Narcotic Control Act.

A single vehicle accident Friday at noon resulted in \$900 damage to a tractor trailer.

The vehicle which was driven by Ernie Sims, 33 of Haliburton, was southbound on Haliburton Lake Road when it was unable to make it up a hill. The Minden detachment of the OPP report that when the driver reversed the vehicle it lost power of its airbrake and entered the east ditch, where it jack knifed and flipped on to its side.

A single car accident in the same area just a few minutes earlier also resulted in \$900 damage.

A car driven by Austin Jeffries, 29, of Agincourt was northbound on the road when the driver saw a truck stopped. The OPP report that he applied the brakes and slid into the right ditch striking a rock.

A two vehicle crash Thursday morning resulted in \$500 damage to a truck driven by Garth Henderson, 43, of RR 1 Haliburton and \$1,200 damage to a car driven by Susanne Ripley, 24 of RR 1 Haliburton.

The OPP report that the accident took place on North Pine Lake Road.

A Hamilton Ontario man has been charged with careless driving as the result of a single car accident last Tuesday on Highway 503 south of Tory Hill.

Arthur Major, 19, received cuts when the car he was driving struck a sign and rolled over in the west ditch of the highway.

There was \$1,500 damage to the car.

From the Chamber

by Bob Stinson

We generally like to keep this column on a positive note but sometimes you can't avoid getting a little depressed. Maybe the recent turn of events in the Quebec provincial election has something to do with it. On top of that our own municipal election does nothing to lift the spirits. The fact that there are 19 candidates being elected by acclamation including the entire slate of one municipality is an indication of far too much apathy in our county. A number of these acclamations show a vote of confidence in the incumbent representative, which is fine, but on the other hand in many cases it is just a matter of the lack of a willing candidate to provide competition for the incumbent. How can we expect responsible local government if we keep putting the same people back in office without even showing that anyone is interested in their job. In contrast, in one municipality we have the Reeve intent on replacing his entire council, and the entire council determined to remove the reeve. This other extreme does not make for a healthy situation.

The Chamber has stated that it is one of our responsibilities to sell Haliburton to everyone -- including our own people. It would appear we may not have been entirely successful in selling the importance of our county at home. Let us at least not carry this apathy to the polls. We urge all members of the community to exercise their vote carefully. Where you do have a choice of candidates find out if they are interested in working on behalf of the community or if they just have a personal axe to grind or a vested interest. During the next two years let us also actively search out good people to provide the electors with a choice in the next election.

We are presently doing battle once again with the Ministry of Industry and Tourism after convincing them we should be on the map they now are intent on removing our identification from the side of the highways. The ministry has announced that the "You are now entering" sign for all tourist regions will be removed and identification only be given to travel associations such as "Central Ontario". Every tourist council in our area is determined to strongly oppose this backward step.

The Chamber of Commerce needs your support on the upcoming elimination draw/dance. The chamber has attempted to carry out there full programme this year in spite of the fact they were not fully funded. Fund raising projects such as this were necessary to close the gap. Please support your chamber by participating and you may even win \$1,000.00. All tickets must be sold in advance, so contact our office or a director in your area. Don't forget you can ride the bus to and from the dance.

We are now closing off memberships and advertising for the 1977 "Lure" book, so, if you have been considering joining us and haven't done so, now is the time to get in touch if you wish to be in time for this year's book. A new category has been established for clubs and associations for only \$20.00 per year. The first group to take advantage of this opportunity was the newly formed Haliburton Area React Team [H.A.R.T.] set up by C.B. Radio enthusiasts Keith Prior, Wally Bunn, Steve Bodmore and Jack Roberts.

Member: Canada Deposit Insurance Corporation

To the Ratepayers of Cardiff Township and the Township of Bicroft, I respectfully solicit your support as your representative to the Haliburton County School Board on Monday, December 6th, 1976.

RELEVANT FACTS

Served 4 years on the Glamorgan School Board (3 years as Chairman)

Served 6 years as Reeve of Glamorgan Township

Have been a ratepayer of Cardiff Township for 18 years and a resident for 4 years.

Parent of 2 Children who have passed through the County System

I feel that I can present your problems and act wisely on your behalf as Cardiff's School Board Trustee.

VICTORIA AGNEW,
Reg. N.

IN MEMORIAM

KELLET - In loving memory of WALL KELLET, who passed away December 6, 1971 in his 81st year.

Our thoughts are ever with you, Though you have passed away, And those who loved you dearly, Are thinking of you to-day.

Always remembered by wife Hilda & family Murray, Jean Yvonne, Bill and Diane.

SANDERSON - In loving memory of a dear father, Edward M. Sanderson who passed away Dec. 2, 1974.

As time unfolds another year Memories keep you ever near, Silent thoughts of times together Hold memories that will last forever.

Lovingly remembered by the Sanderson families.

Death Notice

AT REST Suddenly at the Red Cross Hospital Haliburton, on Sunday, November 28, 1976

JOHN CRABBE in his 71st year.

Beloved husband of Martha Marwood; dear father of Martha (Mrs. Dennis Sims) and the late David Sloan Crabbe; loving grandfather of John and Martha Ann Sims and Jack, David, Debbie and Ron Crabbe; brother of Sloan and Annie of Ireland.

FUNERAL SERVICE Resting at the Funeral Chapel of John Welch & Son Ltd., Minden, from 7:00 p.m. Monday until 11:00 a.m. Wednesday, December 1, thence to the Eagle Lake Community Church for funeral service at 1:30 p.m. Interment at Maple Lake Cemetery.

Friends and acquaintances please accept this intimation.

Death Notice

AT REST Suddenly at Toronto on Monday, November 29, 1976

FRED PALMER

Beloved husband of the late Mildred Swanton and dear brother of Olive (Mrs. L. Mawson) of Willowdale and Gladys (Mrs. G. Corbett) of Toronto.

FUNERAL SERVICE Resting at the Funeral Chapel of John Welch & Son Ltd., Minden after 2:00 p.m. Thursday, for funeral service in the Chapel on Friday, December 3, at 1:30 p.m. Interment at Maple Lake Cemetery.

Friends and acquaintances please accept this intimation.

Coming Events

SHOOTING MATCH for TURKEYS at John Cowen's Blairhampton 1 p.m. Saturday, December 4, 1976

RUMMAGE SALE at the SALVATION ARMY HALL Haliburton, Ont. Friday, December 1, 1976 10 to 3 p.m.

You know when someone tells you to take a walk? Maybe they've got the right idea.

Thank-You

I would like to take this opportunity to thank Mr. Stuart Gillespie of Agincourt who found my lost wallet and who returned it to me through the courtesy of Mr. Neil Leary of Deep Bay Rd., Moore's Falls, Ontario.

Thanks a million. Frank Howe.

We would like to thank our sons, their wives, grandchildren, relatives and neighbours, and those that sent cards. Also Victor Hutchings, Peter Neville and the Doctors and Nurses at the Oshawa Hospital. Friends in need, are friends indeed.

Thanks again. Gordon and Polly Neville.

Report from Queen's Park

by MPP John Eakins

The Provincial Treasurer has announced that the Government will extend for an indefinite period the exemption of the 7% sales tax on production machinery and equipment for pollution control or the removal of waste and noxious fumes. This continued sales tax exemption will cost \$10 million in the last quarter of the current fiscal year, and an estimated \$160 million in 1977-78. The Government's objective is to attract job creating capital to the province, and to maintain the competitive footing of the province and Ontario firms in bidding for investment and business against our principal rivals, including the province of Quebec and the states of New York, Minnesota and Pennsylvania. Even with the extension of the sales tax exemption beyond the original December 31st cut off date, the provincial sales tax burden on the original December 31st cut-off date, the provincial sales tax burden on a new plant opening in Ontario still would be more than twice the sales taxes levied in Michigan and Ohio.

At the same time, the Treasurer also tabled documents which he maintained showed that the federal government's anti inflation program has been a success in Ontario during its first year of operation.

During debate on the family law reform legislation, the Attorney General stressed that caution was necessary with respect to giving courts too much power over marriage contracts, because if courts could override the provisions of marriage contracts, the result would be that the courts instead of the parties involved would be writing the contracts. Some opposition members suggested modifying a section of the act to allow a court to alter support obligations of a contract. The Attorney General said he would consider such an amendment. Now that it has passed second reading, the legislation will go to committee for detailed examination before going back to the Legislature for third and final reading in the spring.

Also this week, the Attorney General stated that he is convening a meeting of regional Crown Attorneys to instruct them in the matter of court authorizations, which should not be leased. Albert Roy, Liberal MPP for Ottawa East had produced a copy of an authorization to wire tap, to demonstrate that the Government had gone against established practice in not releasing the authorization in the case of the wiretap carried out on a conversation between Donald Turner and his lawyer.

Liberal Pat Reid criticized the Solicitor-General for doing nothing while organized crime escalated in Ontario, and called for an inquiry saying the inquiry in Quebec into organized crime had exposed some of the

ringleaders. He pointed out that it is generally agreed that publicity is one of the most effective weapons in dealing with this problem. However, the Minister maintained that organized crime, while a serious problem, high on the list of police priorities, does not warrant a public inquiry.
See you next week.

School board

Not lowest paying

School trustee Leonard Salvatori is concerned about a statement arising out of last week's Stanhope meet the candidates night that the Haliburton County Board of Education pays the lowest teachers' salaries in Ontario.

Mr. Salvatori said that the statement is incorrect and might give the wrong im-

pression of the Board and its attitude.

The Board does not pay the lowest teachers' salaries, Mr. Salvatori noted, it pays one of the lowest average salaries in the province.

Since the Haliburton Board employs a number of first and second year teachers who do not draw as large a salary, the average across the Country is lower than it would be if all the teachers had been working for the Board for a greater number of years.

It is the number of teachers in lower pay categories that keeps the salary average of the Haliburton Board low, and not the design of the Board to create "a bright spot" in paying teachers the lowest salaries.

Pleads guilty

Ronald Sisson charged on September 16 with the theft of approximately \$2,800 from his grandfather's home appeared before the Provincial court in Minden on Monday and entered a plea of guilty.

The money had been left in a purse under a blanket on a bed in an upstairs bedroom, and was reported missing when the family returned from church.

On Sept. 27, Ronald Sisson was asked about the theft. He said that he had taken the money to the Haliburton dump and had thrown away the purse.

Of the total amount of \$2,815, only \$35 was not recovered.

The matter has been put over to Dec. 21 by which time a pre-sentence report will have been prepared and sentence will be given.

Dismiss charge

A charge of carrying a loaded firearm in a vehicle laid against Burke Wickett of Willowdale was dismissed in the Provincial court in Minden on Nov. 23.

Doug Marshall, a conservation officer with the Bracebridge branch of the Ministry of Natural Resources, testified that he had stopped a half to truck in Hindon township and had checked the guns of six hunters who were riding in the vehicle. He found Wickett's gun loaded with four unspent cartridges in the magazine.

Wickett, who had pleaded not guilty, said in his own defence that the rifle was not dangerous the way it was. He would have had to make two deliberate moves, he said, one to let the clip into the firing chamber and one to remove the safety catch before the gun could be considered to be loaded. He said that he was on his way out of the vehicle which was to stop a short distance from where it was stopped by the officer, and in order to save time, he had inserted the clip into the magazine. Wickett argued that his action was perhaps against the letter of the law but not against the spirit, and Judge Irig agreed.

The judge said that the officer was right in laying the charge, but since there was no clip in the chamber, the charge would be dismissed.
